

## ***Stainless Steel Heat Treat Therma-Foil Wrap***

Please give us a call on your Stainless Steel Heat Treat Foil Wrap requirements.

<b>We carry the following in our St. Louis Facility:</b>
.002" X 24" X 100 foot rolls (T-321) for temperatures to 2000 degrees F max
.002" X 24" X 100 foot rolls (T-309) for temperatures to 2240 degrees F max

When placing your next custom size tool steel order from Gateway Metals, ask your inside sales person to add a roll of heat treat foil with your shipment.
